

ZEROVAC MF SERIES

Blower Intake Filters

MF100 • MF125 • MF150 • MF200 • MF250 • MF400

■ EFFECTIVE PROTECTION

Reduces dust and particle ingress into the blower.
Helps protect the side-channel blower.

■ EASY INSTALLATION

Connects directly to the blower inlet.
Available with 1" to 4" connection sizes.

■ DRY APPLICATIONS

Designed for filtering dry products.
Suitable for pressure applications.

Blower Intake Filter

MF Series intake filters are installed in the intake line of side-channel blowers to prevent dust and particles from entering the unit. Model selection is based on the blower connection size.

Installation and Use

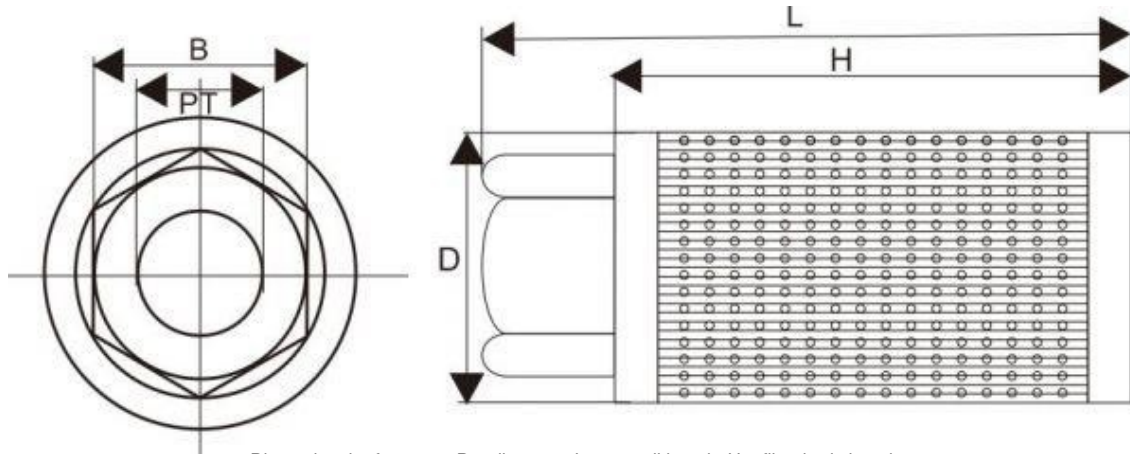

- Mounted on the inlet of the side-channel blower.
- For filtration of dry products only.
- Suitable for pressure applications.

ZEROVAC MF SERIES

Blower Intake Filters

Installation / Dimensional Drawing

Dimensional references: D = diameter, L = overall length, H = filter body length.

Technical Data

Dimensions

Model	Connection	D (mm)	L (mm)	H (mm)
MF100	1"	58	170	155
MF125	1-1/4"	71	186	170
MF150	1-1/2"	85	196	182
MF200	2"	103	215	202
MF250	2-1/2"	148	274	252
MF400	4"	208	380	357

D, L and H dimensions are in millimetres; connection sizes are in inches.
